YAHUKIMO- The Infantry Battalion Task Force (Satgas Yonif) 6 Marines Kostrad, operating under the HABEMA Operations Command in Papua, continues its mission to enhance the welfare of local communities. As part of the RI-PNG Mobile Border Security Operation in Yahukimo Regency, the task force initiated a large-scale purchase of agricultural products from local farmers, demonstrating its commitment to economic empowerment. *(Tuesday, 11/02/2025).*

This initiative aligns with the directives of **Pangkoops HABEMA**, emphasizing the importance of community engagement and economic support. By facilitating the sale of locally grown produce, the **Yonif 6 Marines Habema Task Force** aims to stimulate the economic cycle in Yahukimo, ensuring that farmers receive fair value for their hard work.

Lt. Col. Marines Rismanto Manurung, S.M., M.Tr. Opsla., CTMP., Commander of the **Yonif 6 Marines Task Force**, stated that this effort is a direct response to the community's challenges, particularly in marketing their agricultural yields.

“We are here to support the people of Yahukimo, ensuring they have a stable market for their produce. This not only helps them financially but also strengthens the local economy,” he affirmed.

The presence of the **Yonif 6 Marine Task Force** is expected to create a lasting positive impact, offering sustainable economic solutions for the Papuan community.

Major General TNI Lucky Avianto, Commander of HABEMA Operations, highlighted the broader significance of this initiative:

“The large-scale purchase of agricultural products by the Yonif 6 Marine Task Force is a testament to TNI’s dedication in supporting Papua’s economic growth. This effort directly contributes to the acceleration of regional development and enhances the well-being of local communities.”

By prioritizing economic resilience alongside security operations, **TNI remains a pillar of strength and progress in Papua.**
