PAPUA- The Yonif 501/BY Task Force, part of the HABEMA Operations Command, continues to demonstrate its commitment to both security and social welfare in Southwest Papua. On Saturday, February 8, 2025, the spirit of mutual cooperation and public health awareness radiated through a social action program initiated by Task Force Yonif 501/BY in collaboration with the residents of Asiafsamaan Village, Susumuk District, Maybrat Regency

The program included the **"Clean Village" initiative** and **free medical services** for local residents. The event kicked off with a community clean-up, focusing on **main roads, public spaces, and environmental facilities**. With the **enthusiastic participation of local residents**, the activity fostered a sense of togetherness and a shared goal of creating a **healthier and more comfortable** living environment.

"Through this activity, we aim to strengthen our relationship with the community and encourage them to maintain cleanliness. A clean environment ensures better public health," said **Lieutenant Colonel Inf Yakhya Wisnu A., S.Sos., M.Han.**, Commander of **Task Force Yonif 501/BY**.

Free Medical Services for the Community

In addition to environmental clean-up, **Task Force Yonif 501/BY** provided **free medical check-ups and consultations**, which were warmly welcomed by the residents. The medical team **offered health screenings, consultations, and medications** for common illnesses. From children to the elderly, people took advantage of the rare opportunity to access medical care.

"We are very grateful for this assistance. It is difficult for us to travel to the city for medical treatment. This activity helps us a lot," said **Mr. Joni**, a local resident.

This initiative not only **provided essential health services** but also strengthened **the bond between the TNI and the local community**. It is a testament to the **dedication of Task Force Yonif 501/BY** in **enhancing the well-being of the people in their operational area**.

Commitment to Papua's Progress

Through programs like this, **Task Force Yonif 501/BY** continues to affirm its **commitment to Southwest Papua's development**, fostering **community ties and setting an example of mutual cooperation and social responsibility**.

"The initiative of Task Force Yonif 501/BY in fostering cooperation and health awareness in Asiafsamaan Village reflects TNI's dedication to supporting the community's basic needs and accelerating development in Papua," said **HABEMA Commander, Major General TNI Lucky Avianto**, after receiving the activity report.

With ongoing initiatives like these, **Task Force Yonif 501/BY** is not only a security force but also a **trusted partner in creating a cleaner, healthier, and more prosperous Papua**.
